

EUROMOTORCARS

ANNUAL SPRING TECH SESSION

MARCH 28, 2010

EuroMotorcars is hosting its annual spring tech session for the Chesapeake Region on March 28th. This important event gives everyone that brings a Rolls-Royce or Bentley of any vintage a chance to be present as their car is evaluated by one of EuroMotorcars' expert mechanics. Having full use of their garage, tools, and lifts will ensure that we will have a better understanding of our cars and what may be needed to guarantee a safe and trouble-free season of touring. Some minor adjustments will be made as time allows. **EuroMotorcars will increase their discount to Chesapeake region members to 15% on any service scheduled during the tech session. Cars will be evaluated based on registration order.**

The day begins in the garage at 9am with coffee and doughnuts. The first cars will be put on the lifts around 9:15 am. A buffet lunch will be provided by EuroMotorcars and we return back to evaluations from 1-3pm. There is a \$15.00 fee per person, and you do not have to bring a Rolls-Royce or Bentley to attend. **You must pre-register to attend this event.**

TIME LINE

- 9:00 am Gather at EuroMotorcars, 5334 Marinelli Road Rockville, MD 20852
- 9:15 am First cars go on lifts for evaluations
- Noon Lunch and social
- 1:00 pm Tech session continues
